

This newsletter has been designed to keep you updated on what is happening within the industry and our real estate office

**FROM OUR PROPERTY
MANAGEMENT TEAM**

**IT MUST BE
IN WRITING!**

Litigation reduction and risk management planning is an important part of the day-to-day processes of property management.

Our agency is dealing with a large number of enquiries and requests from tenants and landlords every day that our team members must act upon.

In consultation with our insurers and in accordance with best industry practice, it is important that every request is submitted in writing, which can be as simple as a quick email.

If we have discussed a matter over the telephone we will request an email confirming your instructions.

If you have an enquiry, question or a request, our agency recommends that you email us for prompt action.

WHAT IS YOUR STAR 

RATING AS A LANDLORD?

Investing in property, creating financial wealth, securing, retaining and managing the tenant and property are often hassle free processes for many. However, we do appreciate that there are some landlords who experience challenges along the way.

This month, our team has taken the time to sit down and reflect on how you can minimise your hassles during the management process and maximise your short and long term income.

Take a moment to rate your stars.

 Ensure that your property is presented in an A1 condition to attract quality tenants.

 Be very selective in the tenant/s you accept. A vacant property is better than a second class tenant, which can lead to increased disputes, arrears and potential property damage.

 Invest in Internet advertising to increase enquiry when the property becomes vacant.

 Promptly act on tenant requests.

 Regularly maintain/upkeep and renovate the property.

 Regularly increase the rent a little every 12 months.

 Utilise the equity in your property to increase your investment portfolio.

 Obtain a property depreciation report.

 Take out landlord protection insurance to cover you for the unexpected.

 Ensure that the property is inspected annually for pest, building, carbon monoxide, pool and electrical compliance.

 Clear out the gutters and cut back trees and shrubs annually.

 Set aside additional funds each week/month for the unexpected repairs such as a hot water system.

 Visit your property annually.

IN THIS ISSUE

- What is your star rating as a landlord?
- Protecting your future
- Are you looking for a tax deductible getaway?
- Properties recently rented & sold

PROTECTING your future

As an investor you are already smart and savvy, building your wealth nest egg for retirement and financial security. However, what if the unexpected happens and you are unable to work, or the unthinkable, you pass away? Will your loved ones be able to maintain and grow your investment portfolio that you have created and be secure in their future? There are insurance covers for just about everything now to give you peace of mind for all of your concerns. The challenge for many is being able to afford the premiums for peace of mind.

DID YOU KNOW? ... Death cover, permanent disability and salary continuance insurance can be deducted from your super balance, so you can get the cover you need without it affecting your day-to-day budget. You can choose your cover limit, which can be up to \$5 million for death and \$3 million for disability *

Take a moment now to enquire, protect and plan your future.

** Varies with each superannuation institution.*

Are you looking for a tax-deductible getaway?

If you own an investment property you can claim the travel and out of pocket expenses to attend the property to inspect and review the condition, maintenance or improvements required.

If you are considering inspecting your property, please let us know so that we can issue the required letters and notices to the tenant to access the property in advance.

Our agency can also issue a letter for your tax records confirming that you visited the property.

With all tax related matters our agency strongly recommends that you speak with your accountant for verification on all matters.
